UPS Denmark Tariff Zone Chart

Effective 21 Dec, 2025

Use these tables to ensure that your preferred UPS service option is available, and to identify the zone number for your shipment. Zones are used to calculate the cost of your shipment. To determine if a service option is available from your chosen origin postal code to your destination, visit the 'Calculate Time and Cost' tool on the Denmark home page at www.ups.com or call your local UPS office.

Extended area surcharge may apply for certain areas

Brug disse tabeller til at undersøge, om din foretrukne UPS servicemulighed tilbydes til din destination og til at identificere zonenummeret for din forsendelse. Zonerne bruges til at beregne prisen for din forsendelse. For at finde ud af, om en servicemulighed tilbydes fra dit afsendelsespostnummer, kan du gå til "Beregn leveringstid og omkostninger" på den danske hjemmeside på www.ups.com, eller kontakte dit lokale UPS kontor.

Ekstragebyr for levering i yderområder kan gælde for visse områder.
